

4 Courses

Information Visualization:  
Foundations

Information Visualization:  
Applied Perception

Information Visualization:  
Programming with D3.js

Information Visualization:  
Advanced Techniques

03/16/2020

**Tiago Maranhao Barreto Pereira**

has successfully completed the online, non-credit Specialization

## Information Visualization

In this specialization, learners gained the necessary knowledge and practical skills necessary to develop a strong foundation on information visualization and to design and develop interactive interfaces for visual data analysis.

Enrico Bertini, PhD,  
Associate Professor, NYU  
Tandon School of  
Engineering

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
